AFPA FIRE FIGHTING & SAFETY EQUIPMENT INSTALLATION LLC

As Active Fire Protection Agency

INTRODUCTION

AFPA FIRE FIGHTING & SAFETY EQUIPMENT INSTALLATION LLC

As Active Fire Protection Agency

INTRODUCTION

We thank you for giving us this opportunity to introduce AFPA Fire Fighting & Safety Equipment Installation LLC, AFPA as in Active Fire Protection Agency, is a Dubai based Fire Protection Company engaged in Design, Supply, Installation maintenance of all types of Fire Protection system offering “One stop shop” for clients' system solutions and equipment needs. Our Company facility and office are in Emirate of Dubai.

Active Fire Protection Agency entrepreneurs and designers have worked in the industry over 10 years where they have gained experience in all aspects of fire protection systems. Our knowledge and industry experience will benefit you to provide highest level of service and quality work.

As service-oriented company we don't depend any sole brand of products, nor we are tied with any specific propriety brand. As an independent company we have luxury of choosing from a wide variety of products available in the market for the client and we concentrate on to provide correct installation and maintenance of perfect system. We believe Client will be satisfied, when provided a perfect system according to their requirements not only technical complaints.

We will be thankful, if you include our name in your approved list of sub-contractors and we assure that our company will serve you with satisfaction on any kinds of projects. We look forward to personal contact with you and thank you in anticipation also, please feel free to discuss about any Fire Protection system, we are here at your convenient time.

Thanks and regards

Remmith Kalarikklal
Managing Director

QUALITY MANUAL

AFPA FIRE FIGHTING & SAFETY EQUIPMENT INSTALLATION LLC

As Active Fire Protection Agency

QUALITY MANUAL

Active Fire Protection Agency will provide quality engineering and services to all the customers in order to ensure we can consistently provide the highest level of customer satisfaction. It is in the policy of Active Fire Protection Agency to provide products and services which consistently meet the needs and expectation of customers in relation to the competitiveness of market.

This level of quality is achieved through adoption of a system of procedures that reflect the competence of the company to existing customers, potential customers and independent auditing authorities.

Achievement of this policy involves all staff who are individually responsible for the quality of their works, resulting in a continually improving working environment for all. This policy is provided and explained to all the employees by the manger.

Specific principles of Active Fire Protection Agency quality policy are:

- Continuous improvement: Objectives for continuous improvement are to have equal preference with objectives for ongoing control.
- Competitiveness: To demonstrate and provide unmatched value and be equal to or exceed the quality of competitors.
- External customer: Assure that customer's needs are identified, and that design meets the relevant standards.
- Internal customers: Quality will extend to all phases of our business. Processes are to be established at high yields with proof of process capability.
- Work force involvement: Our policy is to stimulate our coworker's creativity, initiative & sense of responsibility and ownership.
- New product introduction: Design reviews shall be conducted that cover the compliance of the design with the customer market and regulatory requirements for quality, reliability and safety.
- Customer service: Developed and maintained system to provide accurate and current information on quality performance and customer acceptance.

QUALITY PLANNING:

As the company operates a standard type and range of services, customer satisfaction and quality are achieved by operation in accordance with the documented quality system. Specific customer's requirements are identified and documented during the contract review process, allowing these requirements to be communicated and achieved ensuring satisfaction of all customers.

Subject: OV-010B - EC042 - Biel Fire Protection Subcontractor Approval

Dear Tarek,

OV-010B; EC-042; Biel Fire Protection Subcontractor Approval

We have no objection with comments on the appointment of AFPA as Biel's fire protection contractor.

Biel shall ensure their subcontractor holds all valid and appropriate registrations, licenses and insurances as required to perform the full scope of services on the project.

Kind Regards,

Josh
